First Ballots 2 to 1 for Quarter Horse Racing

To Continue Poll Despite Withdrawal

Kenneth Kirk Drops Part in Permit Request

First check on ballots cast in the informal opinion poll being conducted by Palm Springs newspapers reveals that Villagers, to date, are almost two to one in favor of quarter horse racing.

Ballots started coming in almost as soon as The Desert Sun was in the mails and on the newsstands and the mail has been heavy with the returns.

AS OF TUESDAY evening, the count revealed 63.2 per cent in favor of quarter horse racing and 37.8 per cent opposed.

The poll will be continued through next week despite the fact that Kenneth Kirk, who first proposed the program, has withdrawn because of the violent opposition it aroused here. Kirk announced his withdrawal last Saturday following receipt of many threatening letters and distortion of his aims, he said.

IN A FORMAL statement to the press, Kirk said:

"My original thought in presenting the idea of Quarter Horse racing to Palm Springs was that it would raise a substantial amount of money for charity and contribute to the entertainment of resort visitors.

"With this in mind, I circulated a questionnaire among over sixty of the civic and business leaders of the city asking them if in their opinion a 14 day Quarter Horse meet each spring would be beneficial to the town. With the exception of four people who did not vote, the approval was unanimous. Also, when it was presented to city council they voted unanimously in favor.

"EIGHT LEADING civic organizations with membership of over a thousand people sent me letting me know they were in favor.

Rough Going

Jimmy Stewart Hits Bad Weather

Movie star James Stewart put down at the Palm Springs port this week in his Bonanza with his pilot the famed Joe de Bona. In spite of one of the country's most skilled pilots and best and biggest private planes, Stewart arrived pale and shaken. "No more flying if it's that rough," said he to Billi Kenaston who met the pair at the port. They hit some of the worst weather on record between Palm Springs and El Paso.

Villagers to See Desert Hospital on Tours Dec. 9

Villagers will get a first-hand look at the new Desert Hospital a week from Sunday when the institution is formally dedicated and an open house is held.

Tours of the hospital will follow immediately after the dedication ceremony with wives of members of the hospital medical staff taking groups through the building and explaining the installations.

DEDICATION program will start at 2 p.m. and the tour of hospital will start at its conclusion at 3 p.m.

Principal speaker of the dedication ceremony will be Dr. J. H. Baker, president of the Chamber of Commerce.

NO WONDER the kids are confused . . . What do they think when on every corner and in almost every big store there's a Santa Claus . . . How are you going to convince them that there IS a Santa Claus? . . . Maybe we should tell them that all of these red-coated guys are Santa Claus agents. . . Or front men for the old boy . . . But speaking of Santa Claus am glad to note that the Junior Chamber of Commerce is breaking out the Christmas decorations they bought for Palm Canyon drive a few years ago . . . They give Palm Springs a more festive air than the lamp post decorations and just strings of colored bulbs you see in so many southland cities.

MAYOR FARRELL is a cautious man . . . When the state racing board asked permission to hold a meeting at the city hall on the much-debated quarter horse question, he said he was

SANTA CLAUS PARADES SET FOR DEC. 15 and 22

Retail Merchants Division, C. of C. Outlines Program

Plans for two Santa Claus parades on the two Saturday nights preceding Christmas were announced this week by Leo Baker, chairman of the newly organized Retail Merchants division of the Chamber of Commerce.

The first will be held on the evening of December 15 and the second on the evening of December 22.

Both parades will start at 7 o'clock.

ROUTE OF THE PARADES is down Palm Canyon drive from the Doll House corner to Ramon road, Baker said.

Santa Claus will ride in a specially built lighted sleigh in traditional style and all of the youngsters along the line will get candy.

Preparations for the Christmas parades are under way in the hands of committees appointed by the chairman.

RETAIL MERCHANTS division of the Chamber also has other plans for a busy Christmas season in the Village.

City Votes Cash to Buy Machine to War on Flies

Authorized by city council Wednesday night was \$500 for the purchase of a fly machine. This machine not to be used as an aerial project, but as a device for waging war on Palm Springs' abundant fly population.

The purchase followed several weeks of study by City Manager Russell Rink on what is best and surest method of killing flies.

AN EXPERIMENT conducted at the Lone Palm on fly elimination may have worked at the Lone Palm, but didn't kill any flies at the Village dump, Rink reported.

"Not a single one," queried Mayor Farrell nervously.

"Not a single one," City Manager Rink replied firmly.

Councilwoman Ruth Hardy is the spearhead for fly control, asserting that the flies this season topped all previous records by their abundance and their resistance to DDT and other insecticides.

Chest Campaign to Start Tuesday

Community Chest kick-off dinner, scheduled at the Palm Springs Biltmore Sunday night has been cancelled, according to campaign manager, Rex Hardy, as many of the chest workers were unable to attend on this date. Instead, there will be a kickoff breakfast Tuesday morning at the American Legion building with coffee and doughnuts on the house. Breakfast is set for 9 a.m.

House to house canvassers for the chest quota will be given their kits, sailing orders and a briefing on the extreme importance of their mission.

Harold Hicks, chairman of advanced gifts, reports that this phase of Community Chest fund raising is now over \$15,000.

This year's quota for the support of Village agencies for public welfare is \$36,500.

POLICE CHIEF'S ANNUAL REPORT SHOWS DECREASE IN CRIME HERE

Annual report of Chief of Police A. G. Kettmann, filed this week, revealed that while crime has increased in the nation during the year, it has materially decreased here.

This report on police protection in the Village for the past year should make good reading for taxpayers said City Manager Russell Rink to whom the report was submitted.

CHIEF KETTMANN'S report follows: A 25.2 per cent decrease in the crime rate occurred in Palm Springs during the fiscal year which closed June 30, 1951, even though a nation-wide increase in 1.7 per cent was noted in cities and a 4 per cent in rural communities. This was accomplished while Palm Springs was enjoying the greatest season of its history.

Felony arrests jumped from 51 to 53 while felony complaints declined from 119 in 1949-50 to 89 this year.

Burglary, one of the most difficult crimes to prevent and solve, dropped 39.2 per cent from 56 to 34 cases reported.

Grand theft property complaints, which involves the taking of merchandise or money exceeding \$200.00 in value, declined 35.2 per cent from 17 to 11. Petty thefts, too, (under \$50.00) plummeted 24 per cent from 124 to 95.

Check complaints remained static with 31 being filed against 30 in the 1949-50 period. A total of 21 arrests were made for this violation and approximately \$5,000.00 recovered. Many of these cases never reached the complaint stage.

ON THE OTHER SIDE of the ledger, six arrests were made for assault with a deadly weapon, most of these occurring subsequent to arguments arising from the excessive use of intoxicating liquors.

Investigation on the local level of the nation-wide increase in the use of narcotics resulted in five arrests all of which concluded with convictions. These broke up a combination adult juvenile ring engaging in the sale and use of marijuana. Investigation and handing of these offenses consumed hundreds of man-hours of time. The police had the full cooperation and assistance of school department officials in this investigation.

AN INCREASE from 26 to 32 in the number of juveniles handled through the courts was recorded, eight being for outside agencies. Total juvenile cases handled numbered 90, the majority being settled by negotiation and parental interview. Adjudication of juvenile traffic citations is handled informally through the cooperation of the county juvenile department.

Col. Fox, Gibbons Head March of Dimes on Desert

Col. Clinton Fox, manager of the Palm Springs Employers' association office, has been appointed district director for the 1952 March of Dimes and H. G. Gibbons, retired insurance company official, city chairman, it was announced by Brig. Gen. W. R. White who was in the Village Tuesday.

The campaign is scheduled to get under way January 12, said Col. Fox, but preliminary plans are already under way and organization work has started.

PALM SPRINGS' quota has been set at \$10,000. The county total is \$60,000 said Gen. White. The National Foundation has spent more than the quota in the county, he added and has spent, during the past year, almost the sum asked to be raised locally, on polio victims in the desert area.

Col. Fox has jurisdiction over the Palm Springs area from Desert Hot Springs to Palm Desert. Gibbons is city chairman and chairmen for the other communities in the district will be announced soon.

AT PRESENT, Gen. White said, there are 116 polio cases being cared for in Riverside county, 30 of them new cases this year. Money derived from the March of Dimes is used mostly to care for county cases. In some cases, the local quotas are insufficient and the National Foundation spends more in the area than it receives, he added.

That Man!

Santa Claus to Arrive Dec. 20

It's time for 'that MAN' again, S. Claus himself, who will be escorted into Palm Springs December 20 at 8 p.m. by Little Bear and a full turnout of Palm Springs horsemen. It is the 22nd Santa Claus Parade to be led by Little Bear and her parade horse Stranger.

Participating in this year's Santa Claus parade are Los Compadres and the junior Chicos. Palm Springs Mounted Police will form an honor guard around Santa's stage coach which will be driven by Jim Chandler. The high school band will be in the line of march and the Mexican Colony will also have a colorful representation. Jimmie Rogers Williams, the Pacific Coast Champion Cowgirl will ride her prize winning cutting horse. Also participating will be American Legion Post 519 as color guard.

1500 VISIT X-RAY UNIT HERE FOR FREE TESTS

Arriving in Palm Springs Monday was the Riverside county Tuberculosis Association Mobile X-Ray unit to take free chest X-rays of school children and adults. A new high was hung up for citizen participation with the number of plates taken near the 1500 mark yesterday afternoon. Last year's total was 1163.

The free public health service is a part of the Riverside county campaign to combat tuberculosis and is in part paid for through the Christmas Seals sale. Acting as registrars throughout the three day chest X-ray service were members of the Gray Ladies, under the chairmanship of Agnete Hansen.

SOROPTIMISTS this year sponsored a campaign to have all food handlers X-rayed and employers were contacted to have employees avail themselves of the free service. However, Madge Holderman, Soroptimist and public health nurse, said that the response had been extremely disappointing. Food handlers X-rayed numbered only about five out of 50.

"It is difficult to understand the apathy on the subject," she

said yesterday. "The service is free and painless and takes no longer than a few minutes. Unless food handlers are willing to participate on a voluntary basis the chest X-rays will have to be made compulsory."

The Mobile unit covered the schools Monday with some 528 children X-rayed. Six hundred adults were X-rayed the first day of the Mobile unit service in front of the Plaza. The service continued through Wednesday, and on Thursday Cathedral City and Desert Hot Springs were covered.

Expensive

Courthouse Wing to Cost \$501,740

County Supervisors learned Monday that a full four story wing addition to the courthouse will cost \$501,740.

The addition would replace the city jail on the southeast corner of the lot. Supervisors filed the report with no discussion.

The PUBLISHER'S Corner

EVER SINCE TORNEY HOSPITAL was closed by the government residents in the area have had to contend with the unsightly buildings that were left standing on the old El Mirador hotel property. The buildings which stood on land that was disposed of by the government were sold and moved away but those occupied by the Community hospital before they were vacated recently, and several others in the locality are still there. The land on which one of the buildings stands has reverted to the former owner, together with the building. An application has been made for a zoning variance to permit the alteration of the building for use as an apartment house.

This brings up the question as to what disposition should be made of all of the buildings. They are unattractive, and, even with remodeling would be out of keeping with other properties in the vicinity. It seems that the only fair and safe thing the city can do is to stand its ground on the existing zone and require that all of the buildings be removed. Property owners in the area are entitled to this protection. The remaining can be sold and removed to more suitable locations just as the others were.

SINCE THE SUBJECT of quarter horse racing with pari-mutuels has been brought before the community, we are continuing the poll on the subject even though the application has been withdrawn. Another application can—and may—be filed any time so we might as well find out how the people feel about the subject now that it has been under discussion. So The Desert Sun's poll will be carried on for at least another week or two until enough of our readers have been heard from to get a good cross-section of opinion. The result will then be announced for the benefit of all who are interested. The ballot which appears in this issue must be signed by the person voting but the name will be clipped off and filed separately. The newspapers will have a record of who voted but not HOW they voted, although no names will be published. The ballot is on page six.

Village Market
Celebration to
Boost Charities

Palm Springs Community Crest is going to benefit when Herman Reich celebrates the fifth anniversary of the founding of his Village Market next week.

In keeping with the celebration, Reich announced that Aunt Jemima would be in town to serve an outdoor breakfast on December 7 to all who wish to come.

Expert chefs will be at the Village Market with their own griddles to prepare the famous hotcakes, there'll be Log Cabin syrup, Hormel will furnish sausages and bacon, S. and W. coffee will be on hand, along with Piesweet orange juice, Decker's doughnuts and Knudsen's milk.

At first, Reich planned to serve the breakfast free to all comers but after a talk with Rex Hardy, chairman of the Community Chest drive, he decided to assess a charge of 25 cents for the breakfast, all proceeds going to charity.

With Aunt Jemima serving the breakfast, aided by the other firms, from 9 a.m. to 5 p.m., Reich figures that more than 2,000 people will be served which will mean a neat sum for the Community Chest.

Reich plans to erect tables outside for the event and will spend the next few days hoping for fair weather on December 7.

Miss Thurmond Leaves Airport

Flight instructor De Thurmond leaves the Palm Springs Airport Saturday to return to Tacoma for a visit with her mother. She has been instructor here for the past nine months of the GI flight students at the V. A. school.

Mary Nelson, port manager and lessee who holds the VA air school contract will take over student instruction until her local lease expires January 31. Miss Nelson, a flight instructor during World War II, prefers women instructors because they take more pains, will give extra time when necessary, and are inclined to be more careful than men.

Miss Thurmond plans to go to San Diego from Tacoma where she will study for an air line transport rating to qualify her for co-pilot on unscheduled air lines. She has spent 3000 hours in the air; placed third in the Palm Springs to Miami air race and was first in the Santa Ana-Detroit air race last year. She holds a CAA private examiner's rating and is a qualified instructor in commercial and instrument flying both single and multi engine, as well as a seaplane.

Legislators Seek Action on Freeway

Ask Commission to Renew Talks with El Monte

Meeting at the Mission Inn in Riverside last week legislators from this area indicated that they would like to see the state highway commission enter fresh negotiations with El Monte to speed construction of Ramona Freeway.

John Babbage, state assemblyman from Riverside county said the legislators, however, did not go on record as favoring putting pressure on the commission or El Monte.

BABBAGE SAID the group just expressed the hope that new negotiations would be begun.

"We want the project to go through and unless the commission and El Monte can reach an agreement it looks as if the project will be stalled," he said. Ramona Freeway will replace Garvey avenue as a fast route between Palm Springs and Los Angeles via either Highway 60 or Highway 99. The two highways separate at Beaumont and rejoin west of Pomona.

EL MONTE and the commission are far apart on the route of the highway through that city. Villagers and winter residents are anxious for an end to the stalemate as the new road will cut time to Los Angeles and the coastal area and provide a greater degree of safety.

Youth Freed of Charges in Traffic Death

Judge Gabbert Says Shock of Tragedy Sufficient Penalty

Juvenile court officers last week ordered dismissal of charges against Gordon McMahon 17, of Cathedral City who was at the wheel of the automobile which struck and fatally injured little Rochelle Jean Blaylock, aged 4, of Blythe, on September 22.

The child was hit while she was crossing Palm Canyon drive in front of Bullocks at the Plaza.

AFTER THE MISHAP Officer James Clarkson filed a petition in juvenile court charging McMahon with alleged negligence in driving an automobile.

A coroner's jury which heard evidence at the inquest returned a verdict of "accidental death." The child was the daughter of Mr. and Mrs. John Blaylock of Blythe and was in the village on a shopping expedition with her parents.

IN RETURNING his verdict Judge John Gabbert said that the past reputation of young McMahon had been taken into consideration in exonerating him from blame.

He also cited the fact that the shock of the experience which the boy sustained made any further penalty appear to him to be unnecessary.

"It would not serve to bring the life back to the dead child," he said, "and might have a detrimental effect on the boy's future."

Testifying at the hearing were Officer Jimmie Clarkson and Chief of Police August Kettmann, as well as the aunt of the child.

Visiting Foreign Students to Rally Here this Weekend

Students from foreign lands, attending colleges and universities in the southland, will assemble here this weekend in a big meeting sponsored by Rotarians of the 162nd district.

They are members of VISA (Visiting International Students Association) and the session, to be held at the Polo Grounds, is their first assembly.

ROTARIANS of many southland cities have arranged an excellent program for all day Saturday with luncheon and dinner at the Polo Grounds breaking up the morning, afternoon and evening session.

Visiting students, who come from all parts of the globe, will speak on the program.

AFTER THE PROGRAM and following dance, these students will spend the night in homes of local Rotarians. Rotary clubs all over the southland are taking these visiting students into their homes to show them the American way of life.

In this manner, the students are given a true story of America to take back to their native

lands upon completion of their school course.

LAST WEEKEND four of these students were guests in Palm Springs homes.

Mr. and Mrs. Gilberto Alvarez of Columbia were guests at the Austin McManus home. Franz Lebrun-Lehenberg of Vienna was the weekend guest of the Hilton McCabes and Alvaro Salgado spent the weekend with Col. and Mrs. Clinton Fox.

INVITING FOREIGN students into the homes of American families is a project of Rotary International to acquaint the young people with American home life.

The Palm Springs Rotary club last week voted to sponsor George Vrettos of Athens, Greece, under the VISA program. Vrettos is a student at Redlands University. He was a guest at the club's meeting last week and spoke to the members on his appreciation of the opportunity to study in the United States. He plans to teach in Athens university after completing his education in this country.

YOUTH CAPTURED After Wild Chase Through Village

Stephen Earl Crane, 18, is being held by Riverside Juvenile authorities following the theft of two cars when the boy staged an escape from the Fred C. Nelles School at Whittier.

Young Crane was picked up by local officers speeding on Ramon road with his lights on bright. The car did not stop for the red light flash of the police car nor for the siren. Gathering speed the runaway car eluded the pursuing police altogether. Officers contacted Indio Sheriff's office by radio and asked for a road block and assistance.

The young driver cracked the road block wide open and Indio officers shot out his rear tires before he came to a halt.

He was returned to Palm Springs by the Indio officers and booked on a grand theft charge following his confession that he had stolen one car upon escape from Fred Nelles School in Whittier.

It started acting up at San Bernardino and the boy abandoned it and stole another. He was attempting to get to Mexico.

Democrats Ask Famed Aviatrix to be Candidate

Jacqueline Cochran Odum, famed aviatrix and business woman of the desert area, is being mentioned as a leading candidate to run for congress next year on the Democratic ticket.

It was reported at the county seat that county Democratic leaders had asked her to run for congress in the newly realigned 29th district which takes in Riverside and Imperial counties.

She admitted she has been asked but refused to make any further comment.

Another candidate considered by the Democrats is George Luckey of Imperial.

The 29th district replaces the old 22nd which is composed of Orange, Riverside and Imperial counties and is represented in congress by John Phillips of Banning.

ters completely endorsing the idea.

However, since a misunderstanding seems to have arisen regarding my position in the position, and some people feel that horse racing would be detrimental to our community, I have decided to withdraw from any further connection with the matter.

"I am therefore advising the California Horse Racing board that I withdraw my application for a permit to have Quarter Horse Racing in Palm Springs."

FRANK VESSELS, former president of the California Quarter Horse Racing Association and credited with bringing about legislation to permit such racing in this state, was granted permission to hold a 14-day meet on his ranch at Los Alamitos by the California Horse Racing Board Tuesday.

Vessels, long a friend of Frank Bogert, manager of Thunderbird Ranch and Country Club, telephoned the latter to make that announcement. Vessels said there were 200 persons present at the public hearing in Los Alamitos and only three persons, representing big time racing establishments objected to the granting of the permit, unanimously voted by the board.

Cabot Yerxa to Open Hopi House on December 1

Artist and dreamer Cabot Yerxa says that on December 1 the house he has been working on at Desert Hot Springs for the past ten years will be finished and open to the public. This announcement may seem incredible to those who have watched the 30 room Hopi dwelling abuilding for the past ten years, but if the builder says the building is complete, it must be so. Artist Yerxa started out to make a Hopi art gallery to hang his pictures in, but he became so carried away by the building project that he didn't have time to paint.

All windows in the eccentric mansion are different in size and shape, and there are nooks and recesses in the adobe walls. The design grew in the head and heart of the artist as he went along. He likes variety, and he got it.

Yerxa came to Palm Springs in 1913 on his burro Merry Christmas. He recalls that there were 11 houses in the Village at that time and the 12th was abuilding. Artist Yerxa used to visit Palm Springs' first artist, Carl Eytel, who lived in a tent by Tahquitz stream approximately on the site of the Tennis Club.

ATOMIC EXPERT—Atomic Physicist vacationing at the Tennis Club Dr. J. C. Clark, deputy in charge of atomic blasts at the Nevada Test Site.

ATOMIC TEST EXPERT VACATIONS IN VILLAGE

Dr. J. C. Clark here from Nevada AEC Base to Enjoy Relaxation, Rest at Tennis Club

By Priscilla Chaffey

Among first guests to check in at the Tennis Club's new bungalows was Dr. J. C. Clark, deputy test director at the Nevada Test Site near Las Vegas, where atom bomb tests have been in progress for the past year. Early full scale explosions conducted last February were clearly seen here.

Dr. Clark has been associated with the Los Alamos scientific laboratory since before World War II and is recognized as one of the nation's top atomic physicists. He was in the group of Hiroshima and Nagasaki immediately following the atom bombing of those cities to observe results of the first atom bomb to be dropped on populations.

ONE OF THE difficulties encountered by the interviewer of a atomic physicist is that they are extremely cautious in making any comment whatsoever upon the subject of atomic research, although the subject is one in which the whole world has an almost frantic interest. Asked if the Nevada blasts would continue, Dr. Clark said, "As has already been announced by the Atomic Energy officials, the tests being conducted at the Nevada site have proven invaluable, not only to the Los Alamos laboratories but in the training of army troops. There seems little doubt that they should continue and even increase in activity. Fortunately, we now know enough on blast phenomena, so that we can prevent blast damage in nearby communities. One of our earlier tests was to see how much fallout the hills of the Indian Springs and Las Vegas also suffered some blast damage. Shocks are now controlled and meet as per expectations."

Winter Vacation Land Portrayed in WAL Booklet

Describing the famed sun country vacationlands of the southwest, a new pamphlet, "Western America's Winter Wonderland," now is being distributed by Western Air Lines. Produced in the rich, warm colors of the land where the sun spends the winter, the brochure describes wintertime vacation activities available at more than 95 areas in southern California, including Palm Springs, Nevada and Arizona, as well as snow sport regions of the north west which are available to sun country residents seeking a change of surroundings for their winter holidays.

Illustrating that the counterpart of virtually every land under the sun is to be found in the sun-drenched southwest, the Western pamphlet points out that the world-famous vacationlands are only a few "flight" hours from any point in western America by above-the-weather air travel.

As to whether the United States and Russia could and will enter into a pact banning the use of atomic weapons, Dr. Clark gave it as his estimate that such a home was an idealistic viewpoint.

Home Relief
Riverside County Cases Decrease

General home relief in Riverside county dropped to 244 cases for September, 1951, from the 325 cases in the county during September, 1950, California Taxpayers' association reported today. Aid paid to this group in the county also dropped to \$9,029 for September of this year from the \$11,493 of September 1950. The September 1951, case load in the county included 163 single person cases and 231 people in 51 family cases. For September, 1950, the case load in the county included 185 single persons and 589 people in 150 families.

Noted Swedish Artist Here to Enjoy Desert Sunshine

For his portrait of the king of Sweden, Gustav Otto VI, portrait artist Christian von Schneidau won the national award of \$2,500 put up by the Swedish Club of Chicago, which is one of the country's important art centers.

Artist von Schneidau is a winter resident of Palm Springs with his wife. Their home is on Via Salida. He divides his time between the desert and Los Angeles where he conducts the Christian von Schneidau School of Fine Arts and also teaches at the Business Men's Art Institute.

Artist von Schneidau has won 45 art prizes in the course of his career, but is proudest of this year's Death Valley '49er encampment December 1 and 2. Twenty-nine Palm Springs artists announced this week.

Chairman of the encampment art exhibition, Hilton has invited several well known western painters to participate in the showing. Among them are Burt Proctor, Clyde Scott, James Swinerton, Clyde Forsythe, Paul Lauritz and Galen Dorr. Most of the artists will be present to discuss their work with the public at the admission-free affair.

ish American. Over 500 contestants replied. These were weeded down to 108 with those in the final contest, made from a photograph of the Swedish king, numbering 11. Judges of the 11 completed portraits were American portrait painters and the names of the contestants were covered. The board of directors of the Swedish club reserved the right to change the decision of the judges in the event they preferred a portrait different from that chosen by them.

SCHNEIDAU'S likeness of the king won the award of the judges. Directors later viewing the 11 portraits were not told which the judges had chosen, but they too selected the Schneidau portrait.

Schneidau went to Chicago for the unveiling which was held November 17, where he was guest of honor at the award banquet.

Board Changes Ambulance Plan

All private ambulance firms in the county are now on the same basis as result of action by supervisors last week. They voted to adopt a policy whereby private firms in the area around Riverside will be given the call in case of an emergency instead of the county ambulance.

Action followed protests by private firms that the county was provided service people, able to pay, at the taxpayers expense.

The policy had been adopted for the desert area some time ago.

Parties given before the holiday rush are especially enjoyable and usually are occasions for winter colonists and villagers to get together for the first time in the autumn . . . That is one of many reasons why friends of the Frank Camps are looking forward to the cocktail party they will give Saturday . . . The hours are from 5:30 to 7:30 p.m. and the locale will be the Camps' attractive home, 776 Mission Road . . . This will be a get-together of some of the Camps' long time friends.

Following a custom that the Raymond Wilsons have observed for years, they joined a group of friends they have known for a long while at a no-host Thanksgiving dinner given at the Tennis Club . . . Since ending their summer travels, which included a trip to Honolulu, they have been dividing their time between Bel Air and Palm Springs . . . They are due back this week end from the city to winter in their home on West Vereda Del Sur . . .

Villagers Going to Anaheim Party

Villagers will be among guests of the Humbert M. Scatenas when they entertain tonight in their Anaheim home . . . Occasion for the party is to welcome Mr. and Mrs. Ellis Arkush, San Francisco, recently returned from a southern yachting trip . . . Guests will include the Sam Kraemers, who live in Placentia and will come to Palm Springs next week with the Scatenas, for a week end stay at the Colony . . . Later in the season they are expected to return for a longer visit.

Although Mrs. Arthur Bergh is active in many musical organizations, one of her major interests is the Jimmy McHugh Polio Foundation, of which she is a director . . . Now she is happy because the group raised enough money at La Quinta's Golden Nugget benefit ball to buy another iron lung for the Children's Division of Los Angeles County Hospital . . . Mrs. Bergh, familiarly known as Jerry, was entertained by a number of her Palm Springs friends, when she came here from Los Angeles to attend the ball.

Mrs. Arthur Bergh

visitor in 1920 . . . She "remembers when" a social event of the day, for villagers and newcomers was a visit to the post office to get their mail.

Former Villagers, Mrs. Frank Cutler and Mrs. Norman C. Hampton, now living in Portland, and Mrs. Guy Pinney, Los Angeles, are having reunions with many long-time friends while here as house guests of the Don Locketts, 811 Mission Road . . . One of the many parties on their agenda was the luncheon given for Mrs. Cutler by Mrs. Horace Penderly, at the Town and Country restaurant, and later they assembled at the Penderly home, 1205 Camino Mirasol . . . Also here on a visit is Herman O. West from Philadelphia, brother of Mrs. Cutler . . . Mrs. Pinney and the late Judge Pinney had a home here for a number of years and she has many friends in this area . . . The Penderlys, who have lived here for 16 years, will be joined by their daughter, Mary a Stanford student, before the holidays.

Dr. and Mrs. Backstrom Entertain

Guests at the cocktail party given by Dr. and Mrs. Robert G. Backstrom Wednesday evening included friends they have known during all of the four years they lived here . . . The pool deck of their new home, 956 San Lorenzo, made an attractive setting for the party and the versatile Virginia Backstrom was receiving "verbal orchids" for the effective candle-lighting of the pool . . . This is the second home that the Backstroms have had on San Lorenzo and this one is so complete and attractive that they probably will "stay put" there for a long while.

As usual, this has been a busy week for William and Vicki Malouf, starting with a party given by the Dan Dunlaps in their Thermal home, to celebrate Vicki's birthday anniversary . . . Many of the Maloufs' village friends journeyed down to Thermal for the occasion. Expected house guests of the couple for the weekend are the Robert Howes and the Francis Whelans, from Los Angeles . . . Entertainment for the visitors includes a cocktail party at the Tennis Club, followed by dinner and dancing . . . The feminine members of the group also will attend the fashion show luncheon to be staged at the Tennis Club Saturday.

COLOMBIAN STUDENT Gilberto Alvarez and Mrs. Alvarez, Los Angeles spent part of their time at the Tennis Club, while spending the week end in Palm Springs, as house guests of Mr. and Mrs. Arthur McManus. (Terry Photo.)

Latin-American Students Guests at McManus Home

Carrying out their "good neighbor" policy, Mr. and Mrs. Austin McManus were hosts to a group of Latin Americans over the week end . . . They had as house guests Gilberto Alvarez, a Colombian from Bogota who is a student at Los Angeles Junior College, and Mrs. Alvarez, the former Nancy Skow of Los Angeles.

"We are cooperating with the Rotary Club in giving foreign students an opportunity to visit California homes, so that we may become better acquainted with each other," says Mrs. McManus. "This policy seems to be a very worth while one now, when the world is in such a confused condition." She added, "Other guests of Mr. and Mrs. McManus included Mr. and Mrs. Manuel Grey and their attractive teen age daughter, Marciel, of Mexico City. The Greys are spending the winter in Los Angeles, where Marciel is attending school. With them was Ann Orvis of Los Angeles, one of Marciel's classmates.

Grey and his hosts were recalling his first visit to Palm Springs, in 1940, when he was captain of Mexico's Davis Cup Tennis team. He motored here from Mexico with members of the team and they played exhibition games on the Tennis Club courts. "I am delighted to see how the club has expanded and been beautified since my first visit here," said Senor Grey.

Palm Desert Sunbeams

By EDITH EDDY WARD

Another Patio Shop is opening at Palm Desert this Saturday. Arthur and Myrtle Shepard have been working for weeks getting their Palm Desert Date & Gift Shop ready for opening this week-end.

The Shepards are real pioneers of this area, having built the Shepard Apartments, the Nafziger-Allogower duplex and two homes in Palm Desert. Now they are starting a new business and we wish them the best of luck in their venture. They will feature fancy pack dates, greeting cards, stationery, pottery, costume jewelry, handmade lampshades and handknits.

The latest home owners in Palm Desert are Mr. and Mrs. Harold (Hal) Peary (the former Great Gildersleeve), who bought one of the Frank McDonald houses near the Shadow Mountain Club this week. Hal is producing a new TV series—a family show called "That's My Pop" and is planning a radio show of the same name. Hal, of course, is "Pop." The TV show will open the early part of February in the East, after which it will be brought to the West Coast. With Mr. and Mrs. Peary and their 4½ year old son, Page, was Miss Eve Proeckl, whose father is the famous Vienna matinee idol, Ernest Proeckl. Never having seen a desert, as she flew from Vienna to New York and from there to Los Angeles, Miss Proeckl was completely fascinated by our desert. Talk about moving fast

—the Pearys expect their furniture today, are moving in tomorrow and plan to spend the week-end in their new home!

Next door neighbors to the Pearys will be Mr. and Mrs. Larry C. Cotner who bought the other McDonald house the same day. The Cotners first came to Palm Desert as guests of Mrs. J. Darsie Lloyd (Harold Lloyd's mother) and liked it so well they have decided to make their permanent home here. Mr. Cotner is in the lumber and redwood fence business.

James Copp, of the famous Skylarking column in the L. A. Times, joined our table for luncheon at the Shadow Mountain Club Sunday. From then on, the party grew and grew. Besides the Hal Pearys, there was Flo Allen and Cliff Henderson. Then Ken Clarke, the pianist who is making such a hit at the Rogers Ranch Club, came by with Helen Beatty (they are engaged) and Ken was persuaded to "give" with a few renditions on the Todds piano. Then, Jana, the Desert Inn artist stopped by and the luncheon finally broke up at six o'clock—in time for dinner!

SHADOW MOUNTAIN ECO-HOES: Spotted at the Club were Dr. and Mrs. Lester C. Lowe of Balboa (haven't seen them since last summer at the Royal Hawaiian Hotel in Honolulu during the yacht Races); Mr. and Mrs. John Munholland; Mr. and Mrs. Paul C. Loeber of La Jolla and

Noted Pianist at Woman's Club Monday

When Armondo Laredo, concert pianist comes to Palm Springs Woman's club Monday, December 3 at 2 p.m. he will offer an afternoon of great music from Chopin to the moderns, ranging through De Falla, Ravel, Saint Saens, and the always sojournantly lovely arrangements by Kreisler.

Famed as a composer as well as performer, Laredo has written music for the theater, having authored a string quartette that was given acclaim when performed by the Los Angeles Conservatory this year.

During World War II he was piano accompanist for the Louisville Philharmonic Orchestra.

Born in Tucson, Arizona, he studied under Ethel Levenson and had his debut concert with her symphony.

Mrs. Alberta Babcock, program chairman of the Woman's Club will present the pianist-composer. The concert will be open to guests.

Mrs. Taubman Guest of Honor

Mrs. George P. Taubman, Long Beach, Chairman of the Southwest Council of the American Association for the United Nations was guest of honor at a luncheon Wednesday, November 21, at the Shadow Mountain Club. Mrs. Charles Hill, La Quinta, was hostess.

Guests were: Mesdames Alexander Staples, C. F. Woolpert, Larry Gartin, John Chernes, J. Malcolm Jared, Arnold Larson, Lewis Frederick, James Millen, Roy Rinderhagen and Roy Bolton, all from Indio; Mrs. Charles Hill, La Quinta and Mrs. Frederick W. Stern, Brentwood.

Business Women to Meet Monday

Mrs. Georgia Kettmann, president of Palm Springs Business Women's club, announced yesterday that an important business meeting of the organization will be held next Monday evening at her home at 7:30.

She requested that all members turn out for the meeting.

The Wm. S. Cowlings from San Diego. The Richard Carlsons were guests of Verne and Lorraine Beck for dinner. New club member, Mrs. James Franklin Smith, widow of the late Dr. J. Franklin Smith famous eye surgeon in San Francisco, has leased a house here for the winter—

says she loves hot weather and is planning to stay through June at least. Guests of Mr. and Mrs. Don Carries this week were Mr. and Mrs. Pascal Knight and daughter, Frances and the Arthur Phillips from Los Angeles. Dal Moffatt was a house guest of Dick Winans, Claire Smith, mother of "Dutch" Smith the famous Olympic Divine Champion, spent several days at Palm Desert visiting her sister, Margaret Ward. Mrs. Frederick Werder and children, Sandra, Wendy and Heather spent the week-end with Mrs. Hudson B. Werder at Shadow Mountain Terrace. Mr. Werder of the Gourmet Restaurants flew down to join them for a day. Sandra and Wendy both won ribbons at the SMC Gymkhana Saturday. Also at the Terrace, were Mr. and Mrs. Andrew S. Mosely of Flintridge; Mr. and Mrs. R. H. Lawrence, Pasadena; Mr. and Mrs. Albert C. Blatz from La Jolla and Mr. Fred K. McNeil from Beverly Hills.

Palm Springs

BULLETIN!

Palm Springs—Sept. 28.

The proudest man in this famed desert community today was "Farmer Cy" whose daughter arrived from their up-state farm after several weeks' illness. Sally joined her daddy in a joyous reunion at the Palm Springs station. She came here to help "Cy" spread the fame of the Desert Farmers Market which will open here the latter part of next Month.

"CY SEZ:

Wal, here she is folks—my sweet little daughter Sally. I shored her up to introduce her to my Palm Springs pals. She's lookin' as perk and putty as ever with that big ribbon in her hair.

Yer goin' to fall in love with my little Sally who's not only purty but smart as heck. You'll jest see fer yerself when I let her write this column faw me next week. She knows how to spell all them hard words and comes up with a lotta new ones I never heard of.

My daughter is gonna be a big addition to the gang down at the Farmers Market helpin' us get things fixed up jest like the ladies like em. The place needs a gal's touch and that's jest what little Sally kin do.

I'm plannin' to get her some of those fancy clothes fer Christmas like the gals 'round here wear. But right now she's wearin' her farm togs so you can't miss her. I like 'em alright but she's gotta have the best—my little Sally does.

P.S.

My boss, Percy Herman, sez that he's gonna have some "big news" fer me about our market next week. I says my daughter cumin' to town wuz big news—but he tells me his news is gonna be bigger 'an that, by golly.

Local Couple Wed in L.A. Ceremony

A wedding of interest in Palm Springs is that of Miss Edythe Lois Brezin and Sherwin Graber, which took place in Los Angeles Sunday. Parents of the couple, Mr. and Mrs. Howard Brezin and Mr. and Mrs. Sidney Graber, village residents, attended the ceremony in the Town House of Los Angeles, with only members of the two families present.

Miss Tracy Rogers of Los Angeles was maid of honor and Allen Poncher, Chicago, was best man. The honeymoon trip of the couple will be delayed until after the holidays, when they will go to Mexico.

While Graber and his bride, both residents of Los Angeles for the past few years, are here on a visit this weekend her parents will give a dinner for them Sunday in the Blue Room of Chi Chi restaurant. Guests will include friends who have known the two families through the years they have lived in the Village. Friendship of Mrs. Brezin and the bridegroom's mother dates back to their early school days when they lived in Chicago.

Hope Chest Dance Advance Sale Indicates Another Big Success

A brisk advance sale of tickets to the annual Hope Chest benefit dance, sponsored by Owen Coffman Unit No. 519, American Legion Auxiliary, scheduled for Saturday evening, December 1, at Wars Memorial

building, is a good indication that a large crowd will gather for the pre-holiday event, according to the committee in charge.

Antoinette's "Heart Beats", one of Hollywood's most popular all girl bands, promises music which will please the most fastidious among dancers, including Latin American and popular dance tunes. Special entertainment featuring the band's songstress, will add to the gaiety of the affair.

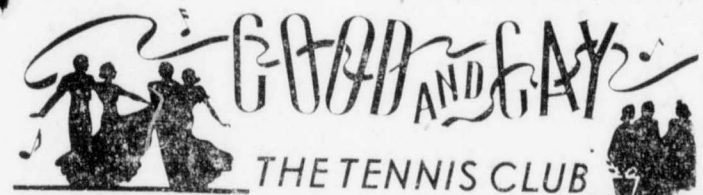

The "Heart Beats" recently completed engagements at the Copacabana in Monterey and at Maxims in Hollywood.

Awarding of a handsome Lane cedar chest and contents will be the highlight of the evening. The holiday spirit is sure to prevail for the lucky winner who will receive the beautiful two-tone American walnut chest, containing an all wool blanket, linens and other useful articles. Another lovely blanket will be the Auxiliary's gift to the second place winner.

Many villagers and visitors have admired the chest during the past ten days on display in the window at Desmonds. Proceeds from the benefit will aid the Auxiliary in bringing cheer to many hospitalized veterans and to needy families of disabled veterans. A portion of the proceeds will be set aside for the Unit's contribution to the \$1000 Americanism essay scholarship fund, open to high school students, and to send a Palm Springs High girl to Girl's State, another phase of the Auxiliary's Americanism program.

The public is cordially invited to join in the festivities Saturday evening. Dancing will start at 9 P.M.

Ethel Strebe will leave Palm Springs just long enough to take a quick flying trip to North Carolina to visit her mother, Mrs. J. B. Smith, before the Christmas holidays.

This is a NEW column to be devoted to the life and hard times of those who frequent the Tennis Club. As everybody who IS anybody knows, the Tennis Club has four new bosses, Bev and Sam Taylor and George and Mimi Sawtelle. They seem to have lots of gimp and go, in addition to which all four members of the quartette are good looking, pleasant and fun loving people.

The club opened informally November 15 with a big splash of cocktails and dinner dancing, for which the board of governors were hosts—all same New Year's Eve that party was one doughty old general who was present said, "You may quote me as saying I haven't had so much fun since I was a second lieutenant." He requested that his name be withheld for security reasons.

THINGS TO COME

Out this week is the club's December calendar, it's a purse sized deal which promises plenty of fun for the members and their guests. December's program starts out with a Ladies Day—this Saturday, the 1st, when the first of a series of fashion show luncheons gets underway. Showings will be formal by de Micelle which will bring a lot of glamor to the Bougainvillea Room where the show is staged. Playing will be the Threesome from the Beverly Hills Hotel. On the agenda Saturday night is the club's annual Press Party for visiting and local scribes—they will christen the new bungalows which open on that date. Beautiful, very beautiful.

Ray Whitaker comes down for

the formal opening on the 15th, and Ray makes the favorite music for a whole lot of people. He'll be at the club for dinner dancing all season. The formal opening promises to be a sensational soiree, yes, indeed yes. Reservation's early, the man says, or no reservations, he's nice about it and says, "please—" but facts are facts and one of them is that Bougainvillea Room has been a sellout every Saturday night since the informal opening—and the big opening party is not going to be like any old Saturday night.

Skipping lightly over the kiddies party December 21 when the littles see Santa in person and garner in their gifts—the next thing on the special events agenda will be the Board of Governors' Open House from 10:00 to 2:00 on Christmas Day. The teen agers take over for a big holiday blow on December 28, a party all for them, and any parents brave enough to take the racket—Ray Whitaker on the bandstand.

The program doesn't say so but plans are afoot for a Christmas Eve dinner dance which will include some very, very lovely Christmas caroling under the direction of Community Church choral director, Harry Tomlinson. In that setting it should be about as beautiful as Christmas music can come.

That brings us up to December 31, which is something else again, and too serious a matter to take up at this time.

Next time we are telling who is playing tennis and who is around and about at the dinner dancing.

Coming and Going

By AILEEN HAGERTY

This is the season when all landmarks that are familiar to Mrs. Hanner.

Recent homecomers, the Stanley Whitworths are back from a trip through the East and are occupying their home on Via Tola. They spent some time in Detroit where Mr. Whitworth, a former automotive executive, attended the World Congress of Metallurgists, in which he is specially interested as he continues as a consultant of the industry since his semi-retirement. Also they visited in Indianapolis, Ind., their former home city. The Whitworths are looking forward to a holiday reunion with their son-in-law and daughter Mr. and Mrs. Walter Bodde, and Walter, Jr., a Stanford student.

Village winter residents, the Spencer Biddles have returned to their Smoke Tree home. They will go to Philadelphia to spend the holidays and early in January will return to Smoke Tree for the season.

Touring Europe for three months was part of the summer program of Mrs. Harry Bedford-Jones, who returned recently to her country place near Cathedral City. While abroad she spent the greater part of her time in Italy and France but did not see anything that she liked better than the date-growing area where she lives.

Also included in her itinerary was a visit with her son-in-law and daughter, the Harry Bissells, who lived in Palm Springs for a while and now make their home in White Plains, N. Y. Mrs. Bissell will be remembered as Kathleen Bernardin.

Villagers who spend part of their time in Hollywood, the Walter B. Bishops have returned to their home, 895 Arduquill. Also here from Hollywood are Mr. and Mrs. Charles Hayes, who are staying at Vaughn Arms and the men are doing a little golf playing. The two couples will be included in a luncheon party at Shadow Mountain Club while the Hollywood visitors are here.

While in the Village on her first visit in many years, Mrs. Paul Hanner and Mr. and Mrs. Austin McManus had a reunion at the Tennis club. Friendship of the trio dates back to 1925, when the late Mr. Hanner operated the Oasis Hotel, which had just been built by Austin and Pearl McManus, in one of their orange groves, now the attractively landscaped gardens of the hotel.

Mrs. Hanner now lives in Encino, where she and her sister, Miss Mary Higgins, operate the Sherwood Oaks school. Miss Higgins and Miss Madeline Allday of Van Nuys, accompanied Mrs. Hanner on the motor trip here. They had dinner at Desert Inn, one of the few old

Club Poetry Section in First Rally

"The poetess Sappho was a much maligned person," Mrs. Louise Ward Watkins told the first meeting of the poetry section of Palm Springs Woman's club at their luncheon meeting Monday, in the clubhouse. Using the poem of Amy Lowell's "The Little Family of Singing Sisters" in which she calls back to life Sappho, Emily Dickinson and Elizabeth Barrett Browning, the speaker described the historical period in which they lived and the forces which molded each one to a psychological pattern peculiar to the age in which she was born. Mrs. Watkins kept her audience of thirty amused for an hour as she described Amy Lowell, an immense woman who smoked small cigars, wrote all night and slept half the day, but in spite of this maintained her position as dean of women poets during the first quarter of the twentieth century. With a background of politics, writing and Ebell club activities during the past twenty five years Mrs. Watkins illustrated her points well with many allusions to current political situations and contemporary history.

"Destructive forces have been snapping at the United States ever since the first world war," she said in an interview before the luncheon. "In the field of art, music and literature we who uphold the traditional conception of beauty develop what is happening. It is bringing about a decline in the American republic, and I am determined to take up the crusade wherever I feel I can be effective."

Mrs. Walter J. Yeaton, curator of the section, introduced her three Ebell Club guests, Mrs. John Taylor, Mrs. Landon Horton and Mrs. Edmond Bohav. Mrs. Charles Glass, president of the Palm Springs club, introduced the members of her board: Mrs. Claude Yerkes, Mrs. Fred Watson, Mrs. Clyde Herrer, Mrs. Wayne Wilson and Mrs. J. K. Wolke. Mrs. Austin McManus and Mrs. Zaddie Bunker were also present and expressed appreciation to Mrs. Yeaton for the cultural activity being introduced into the local club.

Mrs. Georgia Caldwell Freeman, hospitality chairman, was responsible for the table decorations and several floral paintings which gave color and meaning to the room.

Seattle Winter Residents Gather in Merry Party

Plan Entertainment for Shriners Wives

From where I sit... by Joe Marsh

"Fair and Square"

We've just had a political campaign with everything from a top-light parade to a neck-and-neck ballot box race.

Rusty Robinson, with no campaign funds, planned his Election Eve speech for the Square. Slim McCormick, who owns the Palace movie house, was finishing up his campaign in Pioneer Hall.

Then it began to rain. Rusty's political career was fizzling out in the damp when Slim showed up to say that Robinson people could meet in his theatre—for nothing. "I want to beat Rusty," Slim said,

"but certainly not with rain!" From where I sit, you've got to give Slim credit for acting on his belief that everyone has a right to be heard—just as everyone has a right to his own opinions and tastes. Maybe you like hot coffee, for instance, when you "take a break." Well, my vote goes for a refreshing glass of beer. After all, we're lucky to be living in a free country where we can have our own preferences!

Richie Brothers and Lucille Open Saturday Night at Saddle-Sirloin

Acclaimed as one of the foremost musical combinations ever to be heard and seen on the West coast, the Richie Brothers and Lucille open at the Saddle and Sirloin December 1, according to Dave Lyons, owner.

All three brothers are graduates of an Ohio Fine Arts college where they majored in music and in their last year resisted efforts on the part of theatrical agents to book them into big time shows, decided instead to finish their musical educations.

THE OFFERS resulted as a result of their performances at social events and for charity.

According to Lyons the trio of brothers finally succumbed and have played extended engagements on the Pacific Coast; they have just finished an extended appearance at the Saddle and Sirloin in Bakersfield where they played to capacity crowds almost every evening.

WITH THEM when they open here will be Lucille, possessor of a fine contralto voice and an exceptionally good comedienne. Sal Richie the oldest of the three brothers is the possessor of a fine tenor voice which has been favorably compared with that of Mario Lanza's. Sal who plays the accordion is also an accomplished violinist and pianist. Lou the bass clarinetist also doubles as the comedian and is the novel songster. Herman Richie who solos as a baritone is the featured guitarist.

LUCILLE works with all three of the brothers and plays a major part in the slapstick musical comedy. It is reported that her duets with Sal in every type of song from light opera to the modern day love tune is

one of the high points during the performances.

"There'll be three shows a night," announced Lyons. "And for those who like to enjoy a good night of music and comedy the Richie Brothers and Lucille will completely fulfill that need."

Doll House Scenes to go on TV Show

George Strebe of the Palm Springs Doll House has just received notice that a fleet of television cameramen will arrive today to shoot TV sequences in and around his famous Doll House, to be presented later in a program called, "Your Hollywood."

Arriving with producer Bruce Bailey will be several prominent motion picture stars, to be featured in the TV story. Plans also call for many of the scenes to be centered at the Sun and Shadow in Palm Desert, and the entire Shadow Mountain area.

In addition to the TV reel and presentation, the desert story will also appear in about fifty newspapers across the nation.

Joining Bruce Bailey and his television outfit will be Sy Korman of the Chicago Tribune, Bill Brown of the Pasadena Independent, and Charles Parker of the Beverly Hills Citizen, all of whom are scheduled to do special story features on the desert area, centered around the Doll House.

Tough Guy

But Only on the Picture Screen

He's a tough guy on the screen but off the screen—he's an interior decorator.

It was revealed in Hollywood this week that Dan Seymour, 250-pound six-footer who plays a tough bruiser in "Maru Maru" at Warner Brothers, asked for three days off recently.

When asked why, he said he wanted to go to Thunderbird estates to do the decor for the new home of Alice Faye and Phil Harris.

Eleanor Wagner Airport Director at Thermal Port

Eleanor Wagner, Palm Springs, is the new operator of the county airport at Thermal, Ted Hannah, county airport director said last week. She replaces Val-Air Flying service which asked termination of its lease.

Hannah said Miss Wagner has long experience in aviation as a writer for aviation publications and in the women's military service during the war.

The lease allows Miss Wagner to sell gas and oil and to rent space to owners of planes and to conduct a shop making minor repairs. She is to give the County a percentage of her take. Hannah said that percentage came to something like a thou-

sand dollars during the year past.

He said he expected the County's profit to increase during the coming year because a private field at Indio closed down recently. That, he said, will mean more business for Thermal, which is not far away from Indio.

Col. B. M. Value is Taken by Death

Col. B. M. Value, prominent Palm Desert resident and property owner was stricken with a severe heart attack on Thanksgiving day and was removed to Desert hospital where he died last Friday.

A retired Army officer, he had a small acreage south of Palm Desert near the Palms-to-Pines highway. The body was cremated in San Bernardino Monday and the ashes shipped to Chicago for interment.

Hal Peary Buys Desert Cottage at Palm Desert

Mr. and Mrs. Hal Peary announced last week-end the purchase of a Palm Desert home, an ultra-modern desert cottage, just two blocks from the Shadow Mountain Club, which was designed by Frank McDonald of North Hollywood.

Known to millions of radio fans as "The Great Gildersleeve," Hal Peary has discontinued the show and is now independently producing his own series for television.

His acquisition of a home ends a two-year search for desert headquarters, and was handled by Edith Eddy Ward.

Mrs. Ethel Leitch is Seriously Ill

Mrs. Ethel Leitch, winter resident of Palm Desert and a former operator in the San Joaquin Valley, suffered a severe stroke last Tuesday at the home of her daughter, Mrs. Mildred Medill, on Paintbrush St. She is still in very critical condition.

NO GOBBLER FOR GILDERSLEEVE—Harold (Hal) Peary, famed as radio's "Great Gildersleeve," faces turkey-less Thanksgiving as son Page reduces bird to slim pickings for father. Colorful Gymkhana Opens Shadow Mountain Arena

Perfect weather aided and abetted a successful opening day program at the new Shadow Mountain club arena, before a goodly crowd which witnessed the homecoming Gymkhana (4th annual) staged by the Palm Desert Raiders.

From the grand entry with a parade and three flag corps guard, and a homecoming speech by Cliff Henderson, through to the final event, a relay race, the afternoon's events were colorful and exciting.

The events, in order, were: Parade Horse, trophy winner Loraine Hargis, riding King Rusty; 2nd, Bill Corlette, on Anthony; 3rd, Janet Rogers, riding Duke of Yucca. Quarter Horse race, 1st place, Maribel Parker; 2nd, Don McEwen; 3rd, Lon Looney. Boot race, 1st, Cathy Murphy; 2nd, Wendy Werder; 3rd, Chatty Collier. Barrel race, 1st place, Chatty Collier and Jane Tappan; 2nd, Bill and Shaun Corlette; 3rd, Jean Looney

and David Stuard. Stake race, 1st place, Bill Moore (23 seconds); 2nd, Carl Henderson (25 seconds); 3rd, Jean Looney (35 seconds). Western Pleasure Horse Class, trophy won by Jean O'Connor riding Duke of Yucca; 2nd place, Lisle Nixon, on Pepper; 3rd, Peggy Paul, on Blondie. Ballroom race, 1st place, Bill Corlette; 2nd, Jean Looney; 3rd, Chatty Collier. Musical Chairs, 1st place Wendy Werder; 2nd, Chatty Collier; 3rd, Aura Lee Looney. Relay race, won by the team of Lisle Nixon, Billie Nixon, Maribel Parker and Don McEwen.

Judges for the events were: Cliff Henderson, Robert Brooks and Murray Hale. Jack Rogers, Guide of the Raiders, was announcer and director of the gymkhana, and turned in a new job of announcing, even accepting his hastily corrected statement that a "green ladies handbag is at the judge's stand."

The preceding night, the Palm Desert Raiders enjoyed a dinner dance at the Shadow Mountain Club. Those in attendance were: Jack Rogers, Joan Collegian, Jean O'Connor, Ann Wilson, Mr. and Mrs. B. D. Rogers, Etete Bronte, Loraine Hargis, Joan Crawford, Carl Henderson, Manilla Russell and granddaughter, Peggy Paul, Mary McNamara, Mr. and Mrs. Norman Phillips, Mrs. Dorothy Dietz, Mr. and Mrs. Robert Zurbach, Shaun and Mr. and Mrs. John Corlette, Billie and Mr. and Mrs. Lisle Nixon, Bill Hanlan, Viloet Le Vezu.

Special Services at Palm Desert Church

Special Thanksgiving Day services were conducted in the Palm Desert Community church by Rev. John R. McCartney on Thanksgiving morning and the service was well attended by local residents and their visitors. Dr. McCartney is currently preaching a series of Sunday sermons on the subject of "Miracles." His sermon last Sunday: "The Miracle Nation: Israel."

Desert Guild in Active Meeting

Desert Guild of Palm Desert held its November meeting at the home of Mrs. E. R. Blades, Palm Desert last week.

Mrs. Charles Hill of La Quinta, president, conducted the meeting and program.

Interesting reports were made by members of their summer travels or activities.

Fifty members and guests were present. Next meeting of the group will be held at the home of Mrs. Wilbur Bear, Pinon drive, Palm Desert, on December 13.

Other officers of the Guild present were Vice President, Mrs. Viola Brooks; Secretary, Mrs. Elizabeth Trezevant and Treasurer, Mrs. Una Kirk.

Cathedral City Fire Does \$25 Damage

Damage was estimated at \$75 in a fire last week at the Cathedral City home of T. R. Whitmore.

State Forestry firefighters said that threatening weather was the cause of the blaze. An overheated flue caused by the hot fire used to ward off the cold, started the blaze.

Clarence Browns Back at Sun Lodge

Arriving at their Sun Lodge after an extensive trip to Honolulu are Mr. and Mrs. Clarence Brown. Mr. Brown, an MGM director, and his wife arrived for the Thanksgiving holiday and will remain for several days in the Shadow Mountain area.

Raiders to Ride in Christmas Parade

The Palm Desert Raiders, popular equestrian group, have entered their organization as a mounted unit in the Indio Merchants' Christmas parade to be held Saturday night in Indio.

Mineral Group to Enter Float in Indio Parade

At a meeting of the Executive Board of the Shadow Mountain Gem and Mineral Society last Friday night, it was voted to enter a float in the Indio Christmas parade to be held Saturday night, in Indio.

The float will feature a spectacular quartz crystal cluster weighing 500 pounds and the unique decorations will be of processed smoke float. The car which tows the float will contain several children representing handicapped children of the Valley.

Fifty thousand Japanese dolls made by school girls will be sent to the Philippines as a gesture of friendship.

No One-Way
Traffic Soon
Says Council

Retail Groups
Asks Time, Told
Need Not Worry

City council last Wednesday assured Leo Baker, chairman of the Retail Merchants Division of the Chamber of Commerce that it is not contemplating early action on the proposal for one-way traffic on Palm Canyon and Indian avenue.

The statement came after Baker had asked that council hold up such action until opportunity had been given all to be heard. City Manager Russell Rink said no steps toward one-way traffic would be considered until after Indian avenue had been paved and widened and a chance offered to study the difference the improvement made on Palm Canyon drive traffic.

A count has been conducted here for the past few weeks to determine the extent of north and south bound traffic on the two thoroughfares.

In connection with the Indian avenue job, Rink said that it was lagging behind schedule. With half of the time limit gone only one quarter of the curb work has been done and only one tenth of the contract work. Completion date is January 27, 1952 and after that the J and S Paving company will have to pay a penalty of \$50 per day.

In another discussion of street work, Councilman Florian Boyd discussed a proposed street improvement district from Stevens road to Escuela west of Palm Canyon drive. Boyd said that most of the residents of the area favored a street improvement district to pay for improving the streets in the area.

The work would be paid for by lot owners either over a 10-year period or at once.

City council some months ago adopted measures making such districts possible.

Notes from the Library

THE GRASS HARP by Truman Capote.
Outside a certain small town there grows a field of high Indian grass and in late fall the autumn wind strums on its dry leaves "sighing human music, a harp of voices." "Do you hear?" Collin Fenwick's Cousin Dolly said. "That is the grass harp, always telling a story—it knows the stories of all the people on the hill." It is this Hans Christian Andersen quality that pervades the story which "the grass harp" tells about an elderly spinster lady, an elderly judge, a young man and a small boy who lived according to the rules of the imagination in spite of the angry threats of the prosaic world about them.

THE CASE OF THE ANGRY MOURNER by Erle Stanley Gardner.
This story of a badly frightened woman, a bewildering murder case, and an entire community up in arms against him, finds Perry Mason at his best. It is rated as one of the top Erle Stanley Gardner mysteries.

MCCALL'S BOOK OF MODERN HOUSES, Foreword and text by the Architectural Editor.
29 Modern houses by prominent American architects, complete with floor plans, elevations, an illustrated text that covers planning, financing, building, and landscaping; and including 130 photographs.

A WALKER IN THE CITY by Alfred Kazin.
This is the story of a boy who started in Brownsville in east Brooklyn, a neighborhood settled by Jewish immigrants from eastern Europe, and whose world expanded in time and space as the boy walked through New York. Its streets, museums, parks, bridges, its subways, into America of the present and the past, into the world of music and literature, and of metaphysics and religion. The author was born in New York in 1915, has twice been awarded Guggenheim Fellowships and in 1949 won an award for literature from the National Institute of Arts and Letters.

QUEST FOR THE LOST CITY by Dana & Ginger Lamb.
The record of the search for a "lost city" in the jungle country of Mexico near the Guatemala border, reported to be the stronghold of the Mayas fleeing from Cortes. The Lambs who were born in Santa Ana, California have spent most of their lives as "explorers." This

long trek south from Los Angeles was made by foot and burro, by Model T Ford and jeep and airplanes "which flew on a prayer." It has resulted in a "considerable contribution" to archaeological knowledge as well as a thrilling story which has been called an "adventure classic."

THE FORRESTAL DIARIES, Edited by Walter Mills.
The private day-to-day notes, letters, reports, and recorded conversations left at the White House in fifteen loose-leaf diaries by his suicide, form the material of this book. The diaries begin in 1944, shortly after James Forrestal became Secretary of the Navy, and end with his resignation in March 1949 as America's first Secretary of Defense. The workings of government and the heavy responsibilities of a public servant are all part of the Forrestal story.

A FOREIGN POLICY FOR AMERICANS by Robert A. Taft.
Here is a book which presents the theories of a prominent statesman, Republican party leader, and presidential candidate, on the vital subject of United States international relations. Robert A. Taft, son of William Howard Taft, twenty-seventh President of the United States, has served as a United States senator from Ohio since 1939. He presents his views here in a candid, formal and decisive analysis.

THE CASE OF THE ANGRY MOURNER by Erle Stanley Gardner.
This story of a badly frightened woman, a bewildering murder case, and an entire community up in arms against him, finds Perry Mason at his best. It has been rated as one of the top Erle Stanley Gardner mysteries.

CRIME DROPS HERE

Only flagrant violations are processed to juvenile court.

Property damage accidents were up 49 per cent which was almost wholly attributable to the new state law on reportable accidents. This is confirmed by the small increase in the number of injury accidents which rose from 39 to 42. This is less than the estimated increase in traffic during the same period. Drivers were cited in 37 of the accidents investigated.

TRAFFIC CITATIONS issued totaled 2,006, an increase of 55 per cent against 1,287 in the 1949-50 period. A majority of these — 1,410 — were parking meter violations showing that an average of less than four (3.8) citations per day for the 300 meters in use were issued. Arrests for driving while intoxicated increased from 14 in 1949-50 to 16 last year.

Other categories in which decreases were noted include arrests for disturbance of the peace, down 42 per cent from 21 to 12; gambling down 36 per cent from 11 to seven; federal

violations and battery down 46 per cent from 13 to seven, respectively; vagrancy down 30 per cent from 17 to 13.

ARRESTS for drunk jumped sharply from 133 to 173 last year, a gain of 30 per cent. This was due to some tightening in enforcement and our policy of removing obnoxious persons from public places. More than 300 undesirable, of transient nature, were escorted to the city limits or left the village by self-conviction after curfewtime enforcement.

POLICE RESERVE, organized two years ago authorized by the state office of Civilian Defense, has operated at full 35 man strength during the past year with only four changes in personnel, these being due to departure from the area. A constant training program has been carried on for this group, instruction being provided by members of the police department supplemented by the annual FBI School.

During the fiscal year the volunteer group worked 2,628 man hours augmenting the efforts in handling parades traffic, special events. This represents more than 65 man-weeks of time contributed to the public interest.

The Mounted Police, too, has continued as a civilian defense unit accumulating equipment for searches and rescues; engaging in training for such emergencies. Many of them also attended the FBI School.

Desert Art Center

Starting the publicity fund of the Desert Art Center with a substantial contribution, Johnnie and Alice Cousins of Cathedral City made this observation: "From our shop across the street from the gallery we have watched the interest people take in this new venture. We think it is very important for this town and the whole Coachella Valley area to get behind this cultural movement. Big and little cars stop all day long, people come out delighted with what the desert artists are doing. Now that we have an art school with fine teachers we believe all we need is advertising to bring students here and we want to be the first to start a fund for this purpose and keep it going."

Mrs. James K. Wolseth, as public relations director announced that Marie Phelps Sweet to Palm Desert, a noted colorist, is chairman of the Folder and Poster Committee and is distributing the new Art School folders with the aid of Mrs. Harriet Potter. Miss Sweet produced the folder in consultation with the instructors Uno Palo Kangas and Frederick Kann and fellow member Randall Henderson.

A Christmas membership party for the art center is to be held at the St. Louis church hall in Cathedral City December 13 at 6:30 and members and their immediate families will be served a simple dinner by members of the guild.

A new class in Design has been added to the curriculum of the Desert Art Center School program on Monday afternoons from 1:30 to 4:30. The instructor is Frederick Kann. Registrations are being taken at the school office by the manager, Mrs. Miriam Williamson.

Evelyn Pell, House chairman, says there are still some drafting tables, fluorescent lights, desks, gas heaters and refrigerator and gas cooking stove not to mention a few beds and chairs still to be sold at the center to make room for the pupils and the many activities going on.

unteer group worked 2,628 man hours augmenting the efforts in handling parades traffic, special events. This represents more than 65 man-weeks of time contributed to the public interest.

The Mounted Police, too, has continued as a civilian defense unit accumulating equipment for searches and rescues; engaging in training for such emergencies. Many of them also attended the FBI School.

SUMMARY. The undersigned submits that the foregoing was made possible by four factors:

1. The average on the job experience of the members of the department is now nearly four years.
2. A constant in-service training program has been maintained by veteran members of the department, supplemented by an annual two weeks course of instruction by the FBI and the attendance of individual members at regional law enforcement clinics.
3. The willingness and interest of the men and women of the department to work whatever time is necessary to get the job done. Records show that a total of 1,479 hours in unpaid overtime was expended.
4. The transformation of the 35 members of the Reserves and 25 Mounted Police into positive law enforcement personalities, who do not only influence their family, friends and associates but the general public in the enforcement of the law by both action and example.

Respectfully submitted,
AUGUST C. KETTMANN
Chief of Police

YOUTH TOWN—Key men for Youth Town interview Mayor Charles Farrell at the Racquet Club. Bishop W. E. Holman, (left) of the Church of Christ; the organization's secretary, L. Fred Williams, Mayor Farrell and 'Hammering' Henry Armstrong, former World's Champion 'rifle fighter' and the only fighter to hold three World Championship titles, featherweight, light and welterweight.

Trio Here to Solicit Aid for Youth Town, School for Boys

In town last week to solicit aid for Youth Town, a school for Negro youngsters modeled on Father Flanagan's Boys Town, were Bishop W. E. Holman of the Church of Christ, L. Fred Williams, the organization's secretary and Henry Armstrong, former champion in three divisions of the ring.

While in town they interviewed Mayor Charles Farrell who heartily endorsed the project.

The Negro Youth Town will be built in Arizona.

Henry Armstrong, who rolled up over \$3,000,000 in the ring—and kept more of it than most of them do, came at his millions the hard way. An underprivileged youngster all his life, he finally beat his way to California, where, after a good deal of hardship and going hungry, he got his start. He repaid his promoters by becoming the outstanding lightweight in fighting history.

Armstrong is devoting all his time to Youth Town because he knows, first hand, how tough it is for a youngster to buck the world without family and without money. He believes all kids are good kids if they can get normal breaks in life. It is the insecurity and bad environment that turns them into so called bad boys, Armstrong maintains.

Armstrong has already established a home for Negro orphans in California and children whose families have broken up leaving them without proper care.

Bible Miracles Topic of Series at Palm Desert

Dr. J. R. Macartney, minister of Palm Desert Community church last Sunday morning began a series of sermons on the miracles of the Bible.

The Miracle Nation, Israel, was the theme of the first talk, and will be continued next Sunday.

Dr. Macartney traced the history of the Hebrew race from Abraham down to the present time. At the special Thanksgiving Day service Dr. Macartney traced the hand of divine guidance in the affairs of our country from Pilgrim days down to the present.

"God will never give up this noble experiment of a government of the people by the people for the people," he said.

Twenty Models of Other Makes of Cars Cost More!

Standard equipment, accessories and trim illustrated are subject to change without notice.

There are hundreds of thousands of people who should be intensely interested in what we are writing here.

They are the people who paid more for their cars than a Cadillac costs—and still didn't get a Cadillac.

You see—there are five manufacturers of motor cars who produce a total of twenty models which actually cost more than the lowest-priced Cadillac. And during recent years, hundreds of thousands of people have taken title to these higher-priced models.

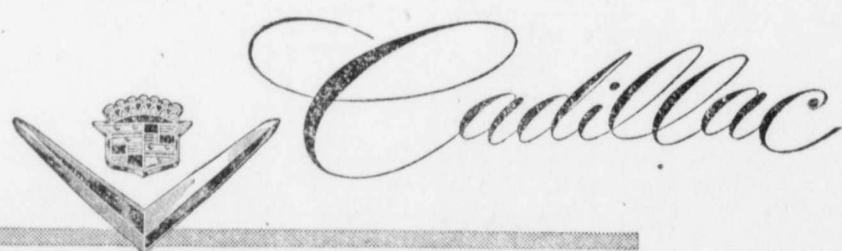

Surely, a large percentage of these owners did not understand, at the time of purchase, how little a Cadillac can cost. They assumed that a Cadillac must cost more—because of its reputation. So they paid for a Cadillac—and still failed to get the things a Cadillac provides.

They failed to get the irresistible performance of its great master high-compression engine... the soft, gliding ride that makes every road a better road... and the wonderful prestige which marks the Cadillac owner, throughout the civilized world, as a man distinctly apart.

Surely, they won't want to miss all this again. It's a lot to lose—especially when it costs no more to have it.

If we already have your order for a Cadillac—please be assured that you have made a wise decision—and stand firm until your car is ready for delivery.

But if we don't have your order—better come in and see us today. We are certain you don't want to pay the price of a Cadillac—and still not get one!
